March 31, 2004

Dear Customer,

This letter is in response to your request for information regarding whether Integra's Tissue Engineered Products contain latex.

We have reviewed all raw material components and surveyed all of our raw material suppliers to identify any materials or ingredients containing natural rubber latex. All raw materials used in the manufacture of INTEGRA<sup>®</sup> Dermal Regeneration Template, INTEGRA<sup>™</sup> Bilayer Matrix Wound Dressing and INTEGRA<sup>™</sup> Matrix Wound Dressing, including all packaging and accessories, are not formulated with and do not contain any natural rubber latex or dry natural rubber in accordance with US FDA Regulations (21 CFR Section 801.437).

Thank you for your inquiry. If you have any other questions regarding the INTEGRA products, please call 1-877-444-1122.

Sincerely,

A handwritten signature in black ink, appearing to read "Debbie Leonetti", is written over a light blue horizontal line.

Debbie Leonetti  
Vice President of Marketing
